OCTOBER 2023 TIP SUMMARY

October Tips by Days of the Week

October Tips by Hours of the Day

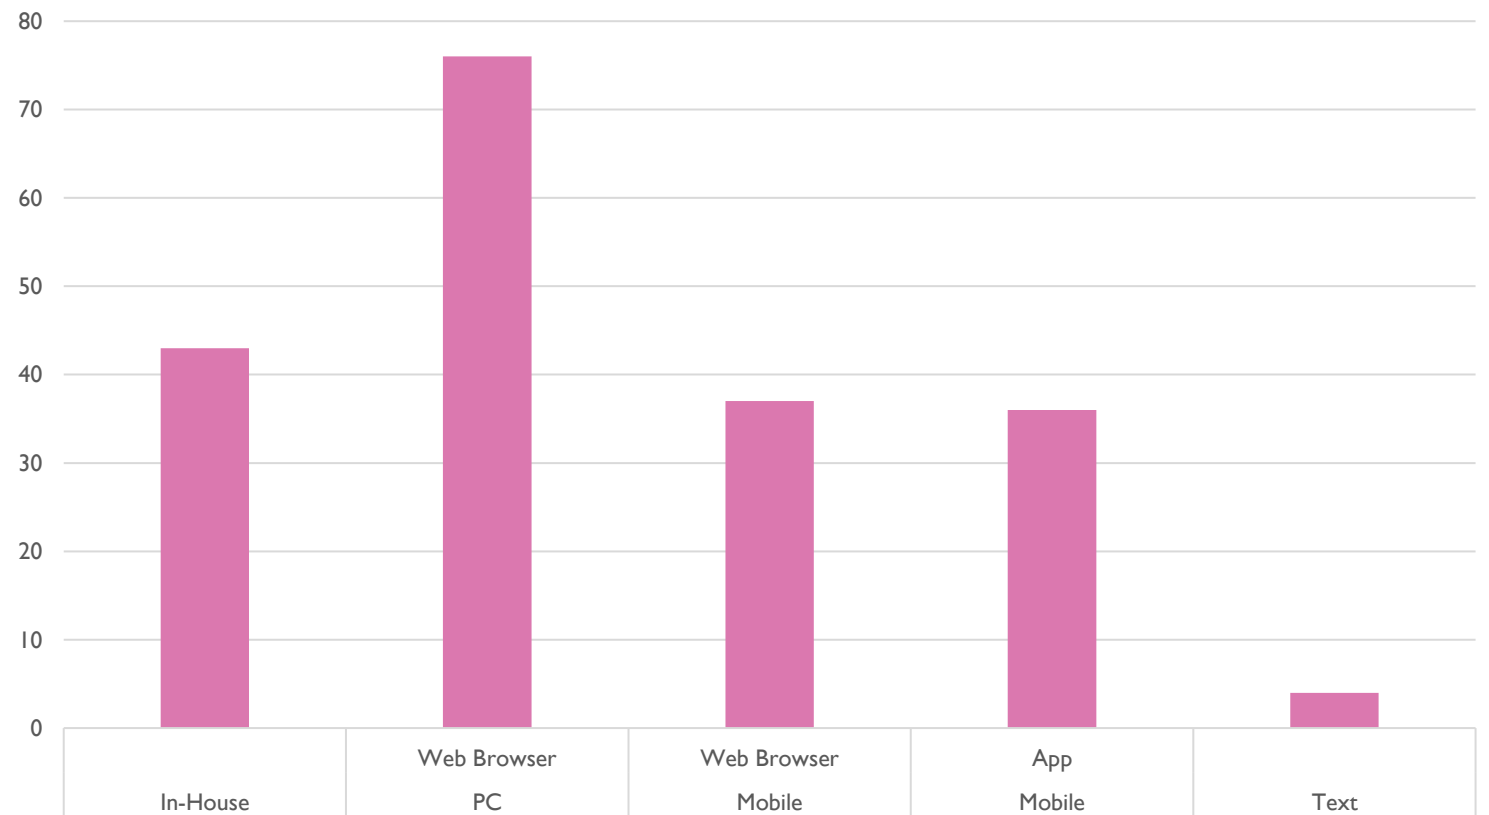

In the month of October, Wednesday was the day of the week with the most tips reported. Previously, this was the most reported day in the month of August, too.

In October, the busiest time of day was 3:00 PM.

Reporting from a computer's browser was the preferred way to submit tips in October.

October Tips by Method of Submission

Handle With Care (HWC)

In October 2023, we received 33 HandleWithCare tips.

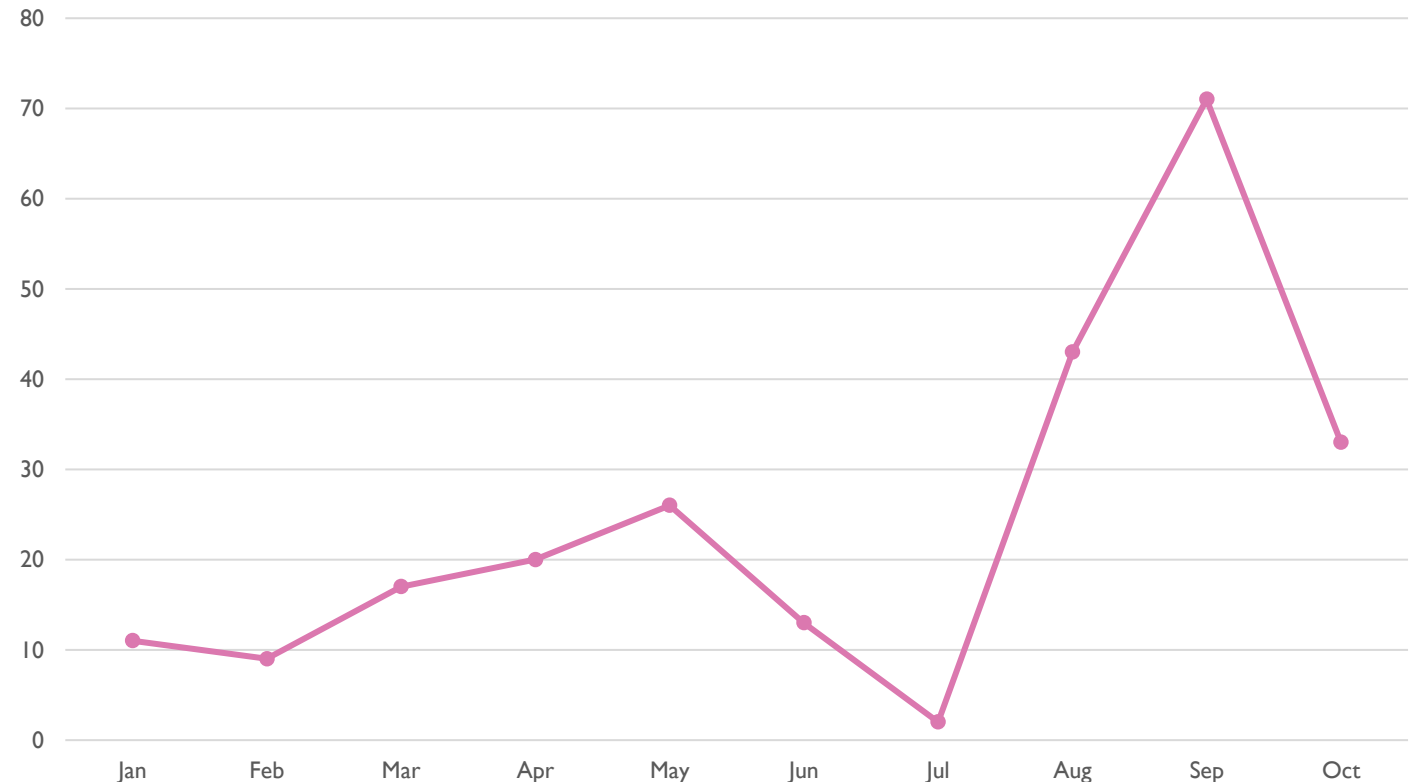

Since the beginning of this year (January 2023 – October 2023) we received a total of 245 HandleWithCare tips.

As time progresses more counties are joining the HandleWithCare program.

The “Handle With Care” Model:

If a law enforcement officer encounters a child during a call, that child's information is forwarded to the school before the school bell rings the next day. The school implements individual, class and whole school trauma-sensitive curricula so that traumatized children are “Handled With Care”. If a child needs more intervention, on-site trauma-focused mental healthcare is available at the school.

Springfield School Safety Training

Topics to be covered:

MSIP 6 & School Safety - Terrell Baker, from CES, will present on how you should incorporate your school safety efforts in the Missouri School Improvement Program (MSIP) 6. This presentation will focus on L10 and how as a safety professional, you should integrate your work into the MSIP plan for your district.

I AM Noticed Introduction – Amy Johnson and Jamie Lyon will introduce I AM Noticed. I AM Noticed is a Tier 1, proactive approach to mental wellness, social emotional learning (SEL), & belonging. Our mission is to create sustainable positive culture while building confident students, staff, and families K-12. Please join us for an interactive workshop. Together we will explore SEL strategies, designed to increase confidence that can be taken back to your buildings. I AM Noticed has been intuitively designed to complement the efforts of our educational partners in their commitment to their district objectives and MSIP 6 expectations.

Crisis Communications – Terrell Baker, from CES, returns to present on how your district should be ready to communicate in times of crisis. This presentation will provide examples and tactics to help your district get your message out in a clear correct manner. Communicating with staff, parents and the media will be covered.

Change in Missouri Legislation (Sunshine Law)

Effective - 28 Aug 2023

A new statute has been added to **RSMo 610.021** which covers “Closed meetings and closed records authorized when, exceptions.”

Section 18, subsection (b) was added and states, “Any information or data provided to a tip line for the purpose of safety or security at an educational institution that, if disclosed, has the potential to endanger the health or safety of an individual or the public.”

Section 18, subsection (c) states, “Any information contained in any suspicious activity report provided to law enforcement that, if disclosed, has the potential to endanger the health or safety of an individual or the public.”

This is relevant because this now means we will not release a Courage2Report tip based on a Freedom of Information Act (FOIA)/records request.
